Who we are

We are a small studio in Prague that makes one jacket at a time, properly. No seasons, no sale rail, no landfill. A drop is finished when the last cell is sold — then we start drawing the next one.

Our message

Honest, should be engineered, not marketed. Every number on this page is a real spec.

Home

Patternmaker's Prague, sewn by a family workshop in Ostrava. Now with 800 cuin stitched down.

Age

Lifetime repairs. Bring it back in ten winters and we'll re-loft it.

NATURIK / Information

Size guide

The M1 is cut oversized by design: roomy enough for a hoodie and knit underneath. Most people take their usual size. Between sizes, size down for a cleaner line or up for maximum volume.

Size	XS	S	M	L	XL	XXL
Height (cm)	162–168	169–175	175–181	181–187	187–193	193–199
Body chest (cm)	83–89	89–95	95–101	101–107	107–113	113–119
M1 garment chest	128	134	140	146	152	158
M1 back length	70	72	74	76	78	80

How to measure

Chest — around the fullest part, under the arms, tape level.

Height — barefoot, back against a wall.

Garment chest — the jacket laid flat, armpit to armpit, × 2.

Still unsure? Use “Find my size” on any product, or send us your height and usual size — we answer within a working day.

FAQ

Before you ask.

How does the M1 fit?

Oversized by design — roomy enough for a hoodie and knit underneath. Most people take their usual size; size down for a cleaner line. Every product page has a 20-second size finder and garment measurements in cm and inches.

Will you restock sold-out sizes?

How long does delivery take?

What is your return policy?

How warm is it really?

Can I get it repaired?

Is this a real store?
